CHARLES STEPHENS, PROMINENT PARISIAN, DIES IN CALIFORNIA.

A telegram received here Saturday from Alameda, California, brought the sad tidings of the death in that city of Mr. Charles Stephens, one of the most prominent business men of Paris, following an operation at the local hospital.

As has been their custom for several years Mr. and Mrs. Stephens went to Alameda early in the fall to spend the winter with their sons, Drs. Barclay Stephens and Charles Joy Stephens, who have been residents of the Golden State for many years. Several days ago Mr. Stephens was taken suddenly ill, due to the recurrence of an old trouble. An immediate operation was advised by his physicians. To this he submitted, but heart trouble ensuing, his system could not rally from the shock, and death ensued.

Mr. Stephens was a native of Paris, having been born in this city seventy-eight years ago. He was a son of the late Mr. Jos. Stephens, who was a pioneer grocer of Paris, being in business at the corner of Main and Bank Row, on the site now occupied by the Masonic Temple, formerly the Elks' Building. Mr. Stephens received his education in the schools of his day, and in young manhood became associated in the grocery business with his father, in which he continued until several years ago, when he retired from active business life. He still continued to take an active interest in everything that pertained to the business welfare of Paris, and was prominent in all the movements that came up for the betterment of the city and its citizens. He was for years prominently identified with the business interests of the city, having been director in the old Citizens' Bank, and the Agricultural Bank, and a large stockholder in the Power Wholesale Grocery and other Paris enterprises. For fifty years he was treasurer of the Paris Masonic Lodge, and held offices in other secret orders. He was an officer of the Baptist church, a man of the highest Christian character, and an honorable gentleman in all that the term implies. He commanded the respect and esteem of all classes and in his daily life sought to set an example to the rising generation.

Mr. Stephens is survived by his widow, who was formerly Miss Mary Miller, a native of Richmond; his two sons, Dr. Barclay Stephens and Dr. Joy Stephens, of Alameda, Calif., and one daughter, Mrs. Woodford Spears, of Paris. The body, accompanied by Mrs. Stephens, and Dr. and Mrs. Barclay Stephens, is expected to arrive about Friday, for interment in the Paris Cemetery.

OPEN GRATE CLAIMS ANOTHER PARIS VICTIM.

The open grate claimed another victim in this city Saturday, when Miss Josephine English, aged seventeen, sustained burns which resulted in her death Saturday night at eight o'clock, at the Massie Memorial Hospital.

The young woman was sitting in front of an open grate fire at the home of her parents, Mr. and Mrs. John English, on West street, Saturday morning playing with a little child, when a gust of wind blew her clothing against the grate, the flames entirely enveloping her person in a second. The girl's clothing was burned from her body, and she sustained burns about the head, face, neck and chest. Her agonized screams brought her mother from an adjoining room. In endeavoring to extinguish the flames Mrs. English was badly burned about the face, arms and hands. Both the injured were removed to the Massie Memorial Hospital, where their injuries were given medical attention.

While a student at the Paris High School Miss English proved a puzzle to the teachers and to physicians and oculists of Paris and Lexington. In writing her name or a composition she did it in a manner entirely different from the ordinary person. Beginning at the right hand side of the sheet, she wrote backwards, and when the copy was finished, it had to be held in front of a mirror in order to transpose it so it might be read. Her name, when written by her, appeared as follows: "hsilgnE enihpesoJ." Physicians who examined the child declared there is not to their knowledge another case of a similar nature in medical history.

The unfortunate girl is survived by her parents, Mr. and Mrs. John English, one sister, Miss Annie English, and one brother, Richard English, all of Paris. The funeral was held yesterday afternoon, with services conducted at the grave in the Paris Cemetery by Rev. W. E. Ellis, pastor of the Paris Christian church.

PARIS WATER SUPPLY RUNS TO MUD.

The water supply of the city of Paris for the past few days, both for drinking and domestic purposes, has been of anything but wholesome order, unless mud can be considered wholesome. The water was almost thick enough to cut with a knife, and at times it could have been twisted up like a roll of taffy candy.

The situation was like that of the old sailor in the old-time play, "The World," who, shipwrecked, and floating on a raft on the bosom of the ocean, looked all around him, and dolefully sighed, "Water, water, all around, and not a drop fit to drink!"

WAR MOTHERS INAUGURATE MEMORIAL CAMPAIGN

Plans for raising the sum of \$8,000 in Bourbon county, to be devoted to the Memorial Building on the campus of the University of Kentucky, were launched last week at a meeting of Bourbon County War Mothers, held in the court house. Mr. Henry S. Caywood, of North Middletown, presided.

The meeting was well attended from all parts of the county. Several contributions of \$200 were received from members of the audience, and a large number of smaller donations were announced. Chairman Caywood and his committee are confident of ultimate success in securing Bourbon county's quota.

As previously announced the War Mothers of Kentucky have undertaken to raise a fund of \$300,000 with which to erect an imposing Memorial Building on the University campus. This form of memorial was decided on because it will enable all the boys and girls of Kentucky who attend this to receive the benefits of the memorial.

MISS SWEENEY ADDRESSES WOMEN OF COUNTY.

Before a large and representative audience of Bourbon county women at the court house Saturday afternoon, Miss Mary E. Sweeney, Dean of Home Economics at the University of Kentucky, gave a most interesting and instructive address, taking for her theme the present social unrest and the high cost of living.

Miss Sweeney laid the burden of responsibility largely upon women of the present day, alleging that they do not properly realize the seriousness of conditions.

PARIS GIRL INJURED IN TAXI-CAB ACCIDENT.

Miss Louise Connell, daughter of Mr. and Mrs. John J. Connell, of Paris, a member of the Junior Class at the University of Kentucky, was severely injured Friday night about ten o'clock, when the taxi-cab in which she was going to the fraternity dance at the Phoenix Hotel, in company with James Truitt, a sophomore at the University, was struck by a Louisville & Nashville train at the corner of Limestone and Water streets.

The train was backing up at a low rate of speed from the West End yards to the Union Station preparatory to its run to Paris, and the taxi was going north on Limestone street. Marshall Tully, eighteen years old, was driving the taxi. He declared that he was unable to see the approaching train, because his view was obstructed by Limestone street buildings. There was no watchman at the crossing at the time.

Truitt and the driver were unharmed. Miss Connell's injuries were limited to cuts and bruises about the head and arms, and the nervous shock resulting from the accident. She was removed to the Good Samaritan Hospital, where her injuries were given attention.

MRS. JANE ADAMS CLAY SUES FOR DIVORCE.

A suit for divorce, alleging cruel and inhuman treatment was filed in the office of the Franklin Circuit Court, Friday, by Mrs. Jane Adams Clay, against her husband, Douglas K. Clay, of Paris.

An action for divorce under the same petition was sought by Mrs. Clay in the Bourbon Circuit Court, the petition being filed for a hearing at the present term of court. Judge Stout dismissed the case, holding that the action should have been brought in the Franklin Circuit Court, Mrs. Clay being a resident of Frankfort. In accordance with this decision, attorneys for Mrs. Clay transferred the suit to Frankfort.

REAL ESTATE TRANSACTIONS

Harris, Speakes & Harris, sold privately Saturday to Bristow Bros., a cottage located on Higgins avenue, belonging to Samuel Griffith, for \$1,800.

Through the Harry L. Mitchell real estate agency of Paris, Custis Talbott sold Saturday, to E. C. Poplin, insurance man, a two-story residence located on Brent street, for \$2,750.

INSURANCE ADJUSTERS SETTLE DAMAGE CLAIMS.

Settlements covering the fire losses sustained in the fire which damaged several buildings on Main street, several days ago, have been made with the owners of the buildings. The houses will be repaired at once, and made habitable for their occupants. Settlements have also been made for losses incurred on stocks of goods in the buildings at the time of the fire, which were damaged by both fire and water.

Those receiving settlements for damages were Mrs. M. C. Browning, owner of the building occupied by the Kid Stout Cafe and the Gatewood confectionery, J. A. Stern, owner of the Fair building, and the storeroom adjoining occupied by the Fair Annex as a wall paper house, and on the stocks of goods belonging to Mrs. Cannie Stout, Gatewood, and the Fair Store.

Contracts have been let to the Bourbon Lumber Co., for the carpenter work and lumber in repairing the four store rooms, and to January & Connell for the metal and roofing work. The buildings are being cleared of debris preparatory to beginning the work of remodeling.

OVERLAND GETS MILEAGE RECORD UNDER 168 HOURS OF DRIVING.

B. R. Dickerson & Son, local distributors for the well-known Overland automobile, are highly elated over the gratifying results attained by the Overland automobile in a test run at Indianapolis, Ind., recently.

A dispatch from Indianapolis, Ind., says:

"Driven continuously for seven days and seven nights, over ordinary suburban roadways, an Overland 4 seat car has established at Indianapolis, Ind., a new unofficial world's mileage record for a light car under 168 hours of incessant driving.

The Overland 4 in the seven days and nights of this remarkable endurance run piled up a record of 5,452 miles. To make this new record the drivers of Overland 4 maintained an average speed of 32 1/2 miles an hour, 24 hours a day. Gasoline mileage was 20.24 miles a gallon.

"The consistency of Overland 4 performance is shown in this tabulation of each day's run. The first day and night the speedometer registered 749 miles. On the second day the mark was 778 miles; on the third, 747 miles; on the fourth, 793; fifth, 809; sixth, 823, and on the last lap of the new unofficial world's record, 753 miles.

"The test, the first of its kind to be tried and actually accomplished by a light car, started at 9 a. m. on February 25 and ended at 9 a. m. on March 3. The run was conducted by the Gibson Company, of Indianapolis, distributors for Overland cars. The mileage and gasoline records are certified by the following observers:

Howard F. (Howdy) Wilcox, winner of the 1919 Indianapolis Speedway 500 miles racing class; Monroe E. Boblet, Secretary of the Hoosier Motor Club, of Indianapolis, and R. H. Scroggin, editor of the Hoosier Motorist.

Call on B. R. Dickerson & Son, at 106 East Tenth Street, in Paris, and let them demonstrate the superiority of the Overland car to you.

"CLASSICAL DAY" AT THE PARIS HIGH SCHOOL FRIDAY.

Arrangements for the observance of "Classical Day," the first event of its kind to be held in the State, have about been completed. The event will take place in Paris High School next Friday afternoon, March 26, from 9:00 a. m. to 4:00 p. m. The High School schedule will be set aside for the day and the pupils given a chance to hear some of the State's best classical speakers. This promises to be one of the most interesting programs ever given in the city. Paris and Bourbon county people are invited to attend. Every Latin and Greek teacher in the State has been invited to attend.

Among those who will make addresses on this day are Dr. T. B. McCartney, of Transylvania College, Lexington; Prof. T. T. Jones, of the University of Kentucky, Lexington; Dr. Grinstead, of the Eastern Kentucky State Normal School, Richmond; Prof. Ellett, of North Middle town; Miss Elizabeth Roff, of the Paris High School faculty; Dr. John Miller Burnam, of the University of Cincinnati, Prof. Cannon, of the Boys' High School, Louisville.

FORMER PARIS BOYS MEET AFTER LONG SEPARATION

CAMPAIGN OPENS FOR MARNE MEMORIAL FUND.

"Marne Memorial Week" opened yesterday in this city and county, under the direction of Judge Denis Dundon, who was appointed Chairman last week to take charge of the campaign. Kentucky's quota for the fund has been placed at \$6,000. Of this amount Bourbon county is asked to contribute the small sum of one hundred dollars. The campaign will be held all over the country during the week of March 22 to March 27. It is the desire of Chairman Dundon to have Bourbon county's quota raised in small amounts, permitting everybody to contribute amite to the fund, instead of having the whole amount given by a few persons.

Bernard Thornton, who plays the part of a college chap in "Angel Face," at the Grand Opera House this week, and his brother Matthew T. Thornton, booker at the Cincinnati office of Goldwyn Distributing Corporation, who had lost trace of each other for years, held a reunion this week.

"The brothers were born and raised near Paris, Ky., but soon after leaving college, they drifted apart. Matt did not know what had become of Bernard, except that he was in the show business somewhere, until a Goldwyn picture, 'Lord and Lady Algy,' starring Tom Moore, was presented at Gift's Theatre a few weeks ago. Matt was astonished to see Bernard as one of the actors on the screen.

"Bernard, who was born in Culver City, Cal., and was informed that Bernard, after a brief service in the movies, had gone back to the legitimate stage, and was with Victor Herbert's 'Angel Face' company.

"Matt dropped a note to his brother when the show came to Cincinnati, and Bernard Thornton, who had never seen himself in 'Lord and Lady Algy,' was the guest of honor at a private showing of the picture at the Goldwyn office, Tuesday. Returning the compliment, Bernard invited Matt, Oscar F. Bower, Cincinnati Manager for Goldwyn, and Mrs. Bower to be his guest at a theater party at the Grand, Friday night.

"The Thornton brothers have promised that they will never lose trace of each other again."

TO INSTRUCT INSTITUTE

Prof. Lee Kirkpatrick, Superintendent of the Paris City Schools, has been engaged to conduct the Bourbon County Teachers' Institute the first week in September. He has also been engaged to conduct the Institute to be held in Jessamine and Woodford counties. Prof. Kirkpatrick is president of the Bourbon County Teachers' Federation and vice-president of the Kentucky State Teachers' Federation.

BURNING GRASS CAUSES ALARM OF FIRE.

Burning grass near the Catholic Cemetery, which for a time threatened to spread to a railroad tool house close by, caused an alarm to be turned in from Box 34, at 3:45 yesterday afternoon. The flames were extinguished by the fire department.

NEWS PRINT HOGS

When you read the mammoth Sunday edition of some large city daily paper, do you ever pause to think that the size of that edition is one of the leading factors in the shortage of news print paper? It is quite so.

The publishers of many of these big dailies are greedy hogs.

They know that it is extremely difficult for the country press to secure sufficient print paper with which to put out their limited weekly editions. They know that if the country publisher can not secure the necessary paper stock he must go to the wall.

Yet Sunday after Sunday they continue to issue editions so large that it becomes a physical impossibility to read them. Section after section is placed in the Sunday papers that contains nothing of a news element, and but little of any practical value whatever. Usually it is composed largely of sickening slush, which a schoolboy would be ashamed to father. It is a useless waste of material which is already difficult to obtain. It reminds one of the hog that roots the bucket over in its greedy effort to get all of the slop.

Some of the city dailies have Sunday circulations as high as four hundred thousand. One useless eight page section omitted from such an edition would furnish the news print necessary for a week's supply for at least two hundred country newspapers. One such section omitted from the New York and Chicago Sunday papers alone would supply over two thousand country papers.

One section omitted from these papers would hardly be missed. It would create no hardship whatever. The failure of two thousand country papers to make their appearance on press day would create a furor.

The big daily newspapers would have the people believe that the shortage of newsprint is due to under production. As a matter of actual fact, it is due in great part to the hoggishness of the Sunday dailies.

Congress may not realize it, but the thousands and thousands of country editors have their eyes glued on Washington. They are waiting to see what Washington is going to do about it.

Congress can aid the situation very materially by placing a reasonable limit on the size of Sunday papers, varying according to population.

This will not infringe upon the legitimate rights of the daily papers. It will protect the rights of the country press.

Already some country papers have suspended publication because they could not secure the paper necessary to print their editions. In the face of such conditions, to permit the daily news print hog to continue his present practice will inflict incalculable damage upon the country press.

Week knew officials prattle about the situation working itself out. It will not.

No hungry dog was ever known to voluntarily surrender a juicy bone.

And the news print hog is even greedier than the dog.

COST OF PRINT PAPER.

The Cynthian Log Cabin makes the following comment on the news print paper situation, which but echoes the sentiment of every newspaper in Kentucky:

"A lot of news print paper bought this week cost The Log Cabin 10 1/2¢ per pound, freight to be added. We used to buy news print at 2 1/2¢ per pound. We have not been saying much about the price of news, for when a fellow is being held up and robbed it's useless to yell, especially when no one seems able to prevent it. In the meantime, the old home paper is about the only thing under the sun that has not increased in price in the last two years."

A DISTINGUISHED VISITOR ARRIVES IN PARIS.

A few days ago there arrived in Paris a distinguished visitor, one whose presence here means more to the community than would a visit from the Prince of Wales. But no committee of distinguished citizens was on hand to greet him, and his name was not found on the hotel register. He came quietly, unheralded and very much alone.

Slipping quietly into the community he announced his presence by a cheery whistling and a heavenly song from the lawn of the home where he arrived. Children on their way to school smiled their happy greetings to the newly arrived guest, and old age paused leaning on its cane to listen. A maiden looked up as she passed and heard the voice of the singer with unutterable rapture. The new arrival was the redbreasted robin, harbinger of spring.

The robin's song is a more sacred timepiece than holidays or rising constellations. Not only is the music ineffably sweet, but the bird itself is a token of returning life to the community. The breezes of summer are in his song, and we can see the red flowers on his breast. Next to Nature's greatest wonder and blessing, a baby's smile, the song of the robin imparts more joy to life at present than anything else.

But our guest will do more than sing. He will build. True, it is only a tiny simple edifice that he erects, still he is a builder. And it is something to have constructed in this world of crumbling forms one little nest. And in that nest he and his mate will accomplish that perpetual miracle of Nature, reproduction of themselves. With wondering eyes we will watch the tiny eggs, the brooding mother, the providing father, the newborn fledglings, the fluttering wings, and then at last when autumn comes again, the vacant nest. It is our life in miniature.

"SAVE - MONEY - ON - MEAT" WEEK DATES ANNOUNCED

The Department of Justice announced to-day the dates of 'Save Money On Meat' Week in the various States. During these weeks an effort will be made to reduce materially the prices of the cuts of beef, pork and lamb now in heavy demand by showing consumers the advantage of turning to those which are equally nutritious, but which cost much less.

The week beginning April 5 will be 'Save Money On Meat' Week in the District of Columbia and the following States:

Maryland, Virginia, Kentucky, South Carolina, Florida, Mississippi, Arkansas, West Virginia, Delaware, North Carolina, Tennessee, Georgia, Alabama, Louisiana, Missouri.

"On each day of 'Save Money on Meat' Week some particular cut or cuts of the inexpensive variety will be featured and will be sold at a low price. Retailers who hitherto have not carried in stock some of the less costly cuts because their customers did not ask for them intend to lay in adequate quantities of such portions of meat. If the consumers will take advantage of the highly nutritious and palatable pieces of meat which are relatively inexpensive, the saving effected will be tremendous, and the slackened demand for the cuts now popular will result in lower prices thereon.

Under present conditions the price of the choicest cuts are in extreme instances fifty or sixty cents higher per pound than the price of other good, wholesome meat from the same animal."

NUMBER 13 IS A LUCKY ONE FOR LOUISVILLE MAN

After The Thirteenth Dose of Trutona, Mr. Gaddie Sleeps Whole Night Through

LOUISVILLE, KY., March 22.—"After the thirteenth dose of Trutona I was able to go to bed and sleep the night through, without having to get up." This remarkable statement was made by Lee H. Gaddie, of 514 South First street. Mr. Gaddie says that for years he has been bothered with his kidneys having to get up as often as ten times in one night. He says further that he has tried many various kinds of remedies and could not find any that would help him, let alone entirely relieve him, until he took Trutona.

Mr. Gaddie says, "Trutona did my wife so much good that I decided to try it one day when, picking up the bottle, I noticed that it was good for the kidneys. For years they have been in a terrible condition. During the day and night I was continually having to relieve them, and it got so bad that I couldn't work and at night I couldn't sleep.

"I started to take Trutona, a tablespoon full four times a day, and as I said, after the thirteenth dose I went to bed and slept the whole night through without getting up once. It has sweetened up my stomach so much and got it in such a strong condition I believe that I could eat and digest all the sand in the Ohio River. I don't care how bad you feel. Trutona will help you."

Trutona is now being introduced and explained in Paris at G. S. Varden & Son's. (adv.)

BETHURUM WILL NOT RUN FOR SENATOR

In a letter addressed to "Uncle Bill" Schooler, editor and publisher of the Commonwealth, Judge B. J. Bethurum, who had been regarded as a candidate for the Republican nomination for United States Senator announced that in the interest of party harmony and success he will not make the race. He will support Richard P. Ernst, of Covington, for the nomination.

In his letter Judge Bethurum said he had canvassed the situation and had reached the conclusion that his entering the race would lead to a protracted and heated campaign and that this circumstance would be most unfortunate when the Republicans are "truly on the threshold of a great national victory."

The "Soulless Corporation"

Because the Telephone Company is a corporation does not necessarily mean that it is without honor or the desire to deal fairly; that it is not as anxious as any other business enterprise to serve you satisfactorily, at a fair price, and to merit your good will.

Corporations—even public service corporations—are simply associations of men and women, managed and operated by men and women, all of whom are just as human as men and women in other walks of life.

These men and women who are the Telephone Company have every reason for trying their best to make their management and service acceptable to you—their places, pay and promotion depend upon just that thing!

Forget the "soulless corporation" when you think of the Telephone Company—think, instead, of the men and women who compose it. Give them at least "the benefit of the doubt."

BANDITS GET 94 CASES
LEXINGTON, KY., March 23.—

LEXINGTON, KY., March 19.—A gang of seven masked with black handkerchiefs, raided the Old Tarr Distillery warehouse early Thursday, and, after binding two guards at the point of revolvers, forced them to unlock the warehouse, stealing ninety-four cases of whiskey seized last January at Versailles, Ky., alleged to be the property of R. E. Wathen & Co., Louisville.

The bandits said they "had come after their whiskey," and carried it away in an automobile truck. Telephone wires leading to the distillery were cut and the alarm was not given until the guards were able to get out some hours after the raid.

One of my fellow wage-slaves (relates Louie) is the proud possessor of an exceedingly noisy shirt—white, with wide orange and purple stripes, if you will believe it. One evening, he was calling on some friends who have a five-year-old daughter. The youngster gazed wide-eyed at the screaming combination, then, rubbing her hand over the shirt front, inquired: "What kind of a flag is that?"—Cleveland Plain Dealer.

JUDGE DUNDON APPOINTED AS CHAIRMAN OF MEMORIAL COMMITTEE

Judge Denis Dundon, of Paris, has been asked to accept the County Chairmanship to raise Bourbon County's part of Kentucky's prorata of the cost of a monument which will be erected on the site of the first Marne battle, and to be known as "America's Gift to France."

This monument is being designed by Frederick MacMonnies, the famous American sculptor, and the exact site will be selected by General Foch and General Joffre. The total cost of the monument will be \$250,000, and it is the earnest desire of those with whom the idea originated that this money be raised by subscription from every county in every State in the Union.

Kentucky's quota is \$6,000, and the amount desired to be raised in Bourbon County will be \$100. The campaign will be held all over the country during the week of March 22 to March 27, and Chairman Dundon is particularly desirous to have Bourbon County go "over the top" on schedule time.

Everybody is asked to send a small subscription to Chairman Dundon to quickly raise Bourbon County's quota.

It is the desire of Judge Dundon to have the quota one hundred dollars, from Bourbon, raised in small amounts, permitting everybody to contribute a mite to the fund, instead of having the whole amount given by a few persons.

A General Appeal For "The Gift."

The Marne was one of the great throbbing moments of the heart of the world. At the Marne the idealism of the ages was fused with the supreme moral and physical heroism of the hour. Over the Marne breathed the spirit of Salamis and of Tours. At the Marne the supreme love of liberty was crystallized into the supreme defense of liberty by one of the agencies of civilization most highly dedicated to human liberty—the Republic of France.

This Memorial, this Gift of America to France, is the effort to express in a tangible, enduring form the profound admiration of one liberty-loving nation for the devotion of a sister Republic to the ideals and practices of liberty.

This same love, and a similar devotion to similar ideals, led us in time to enter the war. And running current with the high purpose of America to protect this world-liberty, was the steady glow of our century-old gratitude to France. While we do not now feel, nor will we ever feel, that we have paid in measure-full, all we owe to LaFayette, we may truly say that at the later Marne we took a larger credit on our deathless debt to France. And we stand today, France and America, more closely bound than ever before, bound by ties of mutual sacrifice and heroism, ties that run from Yorktown to Chateau Thierry and that will now endure until the end of time.

This Memorial should be given by all Americans, and especially by those to whom did not come the high privilege to offer themselves upon the soil of France. And we should be as jealous of our poor right now to give a little money, as were our boys on the banks of the Marne and in the Argonne Forest, of their most glorious right to give life and live; to give and give until life and love were gone. Kentucky will give; give her share and more, and give, we hope, from many hearts and many hands, because the number of those who give, and not the amount given, will be accorded as the measure of our sympathetic interest in this noble and beautiful work.

FOOD IN SEASON.

A market gardener living near one of the large cities asks why people always hanker after high-priced imported food containing little nourishment when the markets have for sale lower-priced home-grown articles of much greater dietary value. Instances the demand for cucumbers, tomatoes and strawberries, just coming into the markets, which are abnormally high and not at their best in quality, but are finding a ready sale, while the farmers and grocers find it almost impossible to sell their remaining winter vegetables, such as parsnips, turnips and squashes, although these are of first quality, high in nutrient and abnormally low in price.

Of course the principal reason for the demand for luxurious type of foods about which the complaint is made is that people are tired of the heavier diet of winter and long for the lighter, fresher foods. But the point of extravagance is there. It is possible to have a varied diet of easily digested foods without turning from the vegetables and fruits which are in season to those which are not.

Certainly economy and a fair regard for the home producer, must dispose of his stuff if he is to be encouraged to grow more, indicate the more practical method of buying for the table.

A BIT OF ADVICE

First—Don't Delay; Second—Don't Experiment.

If you suffer from backache; headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. Ask your neighbor. They are recommended by thousands. Can Paris residents desire more convincing proof of their effectiveness than the statement of a Paris citizen who has used them and willingly testifies to their worth?

Wm. W. Dudley, 1729 Cypress Street, Paris, says: "Some years ago I found it necessary to use a kidney remedy and as I had read about Doan's Kidney Pills, I used them. They proved to be satisfactory and permanently rid me of the complaint. I have good reason to recommend Doan's Kidney Pills and advise their use to anyone troubled with a weak and lame back or irregular passages of the kidney secretions."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dudley had. Foster-Milburn Co., Mrs., Buffalo, N. Y. (adv)

THINGS TO WORRY ABOUT

Of course it would be very nice and commendable to teach the illiterate grown-ups how to read and write in the "moonlight schools." But what Kentucky needs most is to get into "the daylight schools" that one-fourth of our boys and girls of school age who do not attend school at all. Why strain at gnats and swallow camels? Enforcement of the new compulsory attendance law will do more to wipe out illiteracy than all the "moonlight schools" that could be established.

Persia Sparcely Peopled.

It is easy to overrate the land of Darius and Cyrus, Amar and Hafz, for Persia has not nearly as many inhabitants as Mexico. Estimates differ widely and there has never been a real census, but it is possible that in a territory equal to France, Germany, the British Isles and Italy all taken together, the population does not exceed that of little Belgium. In area Persia is more than 15 times as big as Ohio, but it contains fewer than twelve as many people.

One idea breeds another.

PEPTO-MANGAN FOR "SPRING-FEVER"

Spring Days Are Treacherous

Germs Don't Disappear With
Cold Weather

AND BLOOD IS SLUGGISH AND WEAK

Don't Take Chances If You Feel Bad.

Enrich Your Blood With
Pepto-Mangan

There is a great deal of serious sickness in the Spring.

And it is easy to see why. Long weeks pent up indoors, too little exercise and fresh air, winter sicknesses not entirely over with, a generally lowered vitality. Blood weak and sluggish. Then come fine Spring days—that are not as warm as they seem; or sudden changes in the weather, and you haven't taken proper precautions.

Vigorous, red-blooded people don't often get sick. If you're not feeling your best, get Pepto-Mangan of your druggist and take it to build up your blood. This effective and agreeable tonic has been tested for over thirty years, and physicians, everywhere, recommend it for rundown, pale and anemic people.

The whole family should take Pepto-Mangan—it is good health insurance. Besides, what a joy it is to feel fit and fine—ready for anything! To have an abundance of energy and enthusiasm!

Pepto-Mangan is for sale at your druggist's, and in both liquid and tablet form. There is no difference in medicinal value. Take whichever you prefer. But to make sure you get the genuine, ask for "Gude's Pepto-Mangan" and see that the name "Gude's" is on the package.

CHAMP CLARK MAY RUN FOR PRESIDENT

Champ Clark has stepped into the race for the Democratic Presidential nomination.

This is the conclusion that Mr. Clark admitted might be drawn from a telegram he sent to Hiram L. Gardner, Secretary of the Georgia State Democratic committee, in response to requests as to whether he would be a "receptive" candidate.

Mr. Clark's closest friends indicated that the message meant that he would not be a candidate for Senator from Missouri. A Senatorial campaign would have to be started soon, they pointed out, and the belief was that Mr. Clark, if unsuccessful in obtaining the Presidential nomination, preferred to remain a member of the House.

THE NORTHERN STATES HAVE ADOPTED THE 56" AUTO-TRACK WAGON

Weber Too Low— or Others Too High?

How Best to Determine Correctness of
Price Asked

EITHER the price of the Weber standard-sized auto-track wagon is away too low or else the prices of other wagons are away too high. You can figure it out for yourself by comparison.

For instance, examine some well-known wagon that sells for practically the same price as the Weber and note carefully the ironing of the gears and the distinctive features—if they have any.

Now come over and see us and let us show you the Weber. Compare this wagon, point for point, and size of each piece of wood stock, with the other fellow's product. Note the ironing of the Weber gears—and bear in mind how cheap the other fellow's wagon gears looked in comparison. Note the Weber swivel-reach-coupling that takes all twisting strain off the gears and brakes—and don't forget that this feature was entirely lacking on the other fellow's wagon. Note the Weber Fifth-Wheel that distributes the strain on the front bolster, prevents it from rocking and reduces to a minimum whipping of the tongue, etc.—and don't forget that this feature, too, was altogether lacking on the other fellow's wagon.

A difference of \$11.50 to \$18.00 in favor of the Weber is apparent nearly always.

Now then—answer to your own satisfaction the question of whether the price of the Weber with strictly A-grade wheels with high carbon tire, is too low or the prices of other wagons too high, considering quality. And remember—we sell Weber Auto-Track Wagons—the "King of all Farm Wagons."

Y. M. C. A. NOTES.

Much interest is being developed in connection with the Boys' Hexathlon Athletic Contest to be held at the Y. M. C. A. on Friday afternoon and evening, March 26.

Contestants are grouped according to weight into five classes. The following are the classes and events: 60 to 80 pounds; over 80 to 95 pounds; over 95 to 110. Classes have short distance potato race, long distance potato race, target throw, standing broad jump, bar snap for distance.

The 110 to 125 class and the unlimited class have the following events: The short and long distance potato races, the running high jump, standing broad jump, fence vault, 8-pound shot put.

Any boy of Bourbon county weighing 60 pounds and over and under eighteen years of age is eligible to enter. No charge is made to enter.

The Bourbon County Association is awarding a ribbon to the winner in each event in each weight class—30 ribbons in all and a gold medal to the boy securing the highest number of points.

The International Y. M. C. A. will give a trophy to the Y scoring the highest number of points and the International award to every boy who scores 400 points.

All records are reduced to points so comparisons can be made. A large number of Associations and several thousand boys have been participating in these meets since they were inaugurated several years ago until now much rivalry has developed. This will be the first year for the Bourbon County Athletics to match their efforts against those of the other associations in this contest and the boys are actively training for the big meet.

The meet will be open to the public.

The March issue of the Y. M. C. magazine, "Association Men," contains a complete financial statement covering \$161,722,649.42 received in the three campaigns by the National War Work Council.

The directors of the Bourbon County Association ordered and have received 200 extra copies of the magazine for the benefit of Bourbon county subscribers to the United War Work Fund. Copies may be secured free at the Association building.

Interest is growing very rapidly in the Boys' Hexathlon meet scheduled for Friday at the Y. M. C. A.

Contests for the 80 pounds, 95 pound and 110 pound classes will be held Friday afternoon, March 26, at 3:30 p. m. and for the 125 pound and unlimited weight classes will be held Friday evening at 7:30 p. m.

A large number of entries was received for all of the events, most of the best High Schools and Y athletes being entered. A large crowd is expected to see the contest. No charge will be made for admission.

STAY CLEAR OF POLITICS URGES LEGION HEAD.

Steering clear of the "breakers ahead" through strict adherence to Legion principles that forbid political activities, was the caution voiced by Henry DeHaven Moorman, of Hardinsburg, in statement submitted shortly after his resignation as State Commander of the Legion.

"Politics and all other selfish interests are the first things to be watched," Mr. Moorman declared, "and our duty to our country, our disabled and their dependents and those of our dead should be the last thing forgotten."

"With our numbers and powers, however, our responsibilities increase, and there are breakers ahead unless we adhere steadfastly to our high principles."

Mr. Moorman resigned because of his position as Commonwealth's Attorney for his district. He was succeeded in office by Ulric J. Bell, of Louisville, who had formerly been vice-commander.

ILLINOIS COURT UPHOLDS NEWS-PAPER NEWS RIGHTS

The right of newspapers to publish any testimony given in court hearings, whether it subsequently proves to have been true or untrue, was established in a ruling in Chicago by Circuit Judge Oscar M. Torrison.

His instructions to a jury in a

suit for damages by Henry J. Earnest against the Chicago Tribune gave official sanction to the publishing of any testimony in open court.

A newspaper has a legal right to publish what transpires in a judicial proceeding, even though such publication may injure a private citizen, because it is to the interest of the public that proceedings in court be open and the public be informed of them," Judge Torrison ruled.

"It is not necessary that the newspaper publish every word spoken; it may publish a summary if the summary is a fair and impartial account of what transpires in court and is published without malice."

DOES NOT SEE HOW HE EVER KEPT UP

Could Hardly Drag Himself To Work—Feels Fine In The Mornings. Now

"Tianac has benefited me so much I no longer doubt anything good I read or hear about it," said John Farrow, 1876 Erie street, Toledo, Ohio, an employee of the Libby Glass Company. Continuing, Mr. Farrow said:

"For several years I have occasionally suffered from sharp, shooting pains in the small of my back and in my right leg and foot and cramping pains in my stomach, which gradually grew worse until for the past six months I have had these pains nearly all the time. My appetite had become so poor I could hardly eat a thing, and the little I did eat would nearly kill me. My nerves were in an awful bad condition, and as I was in worse pain at night than in the day time, that was possible, I could get but little sleep at any time and many a night I lie awake all night long. I had become so badly run down I could hardly get to my work in the mornings, although I only lived two blocks away, and after the day was over I would just have to almost crawl home, where I would force down a few mouthfuls of supper and drag myself off to another night of misery."

"I had tried so many different medicines without getting any benefit I had about lost faith in everything, and as I continued to grow worse I felt like I didn't care whether I lived or not. Looking back now I don't see how I managed to work at all, and I just moped around the house till my people were very much worried over my condition. I had read many statements in the local papers from people who had been benefited by Tianac, and, although, as I said before I had about lost faith in all medicines, I decided to try it, and the improvement in my condition almost as soon as I started taking it was simply remarkable. I never have a pain of any kind now and my appetite is better than it ever was. I can sleep as sound as a log and always get up in the morning feeling fine and ready for work. Tianac has relieved me of all my troubles after everything else had failed, and I am only too glad to say a good word for it."

Tianac is sold in Paris at the Peoples' Pharmacy. (adv)

NEW GERMAN DICTATOR LASTED ONLY FIVE DAYS.

BERLIN, March 22.—After holding the reins of power for less than five days, Dr. Wolfgang Kapp, the self-appointed Chancellor and dictator, has retired from office and control.

He resigned Wednesday an official communication explained that the Chancellor considered his mission fulfilled when the old government decided to meet the most essential demands addressed to it. He was also moved to this action by the extreme necessity of the Fatherland, which demanded union against the dangers of Bolshevism.

The communiqué announcing the resignation of Chancellor Kapp endeavors to give a patriotic aspect to his withdrawal. It says:

"The Bauer government having voluntarily decided to fulfill the most essential political demands addressed to it, the rejection of which on Saturday led to the establishment of the Kapp government, Chancellor Kapp considers his mission fulfilled and retires, resigning the executive power again into the hands of the military Commander-in-chief."

"In this he is moved by the conviction of the extreme necessity of the Fatherland, which demands solid union of all against the annihilating dangers of Bolshevism."

The resignation of Chancellor Kapp and his chief official announcement:

General Provisional Director Kapp has retired, with the object of bringing about internal peace, General von Luettwitz has retired for similar reasons.

The Vice Chancellor in the name of the Imperial President has accepted the resignations and has trusted Major General von Seecht with the provisional conduct of affairs as Commander-in-chief.

The real circumstances of Kapp's retirement are still shrouded in mystery. An important factor undoubtedly is to be found in the deliberations of the Under Secretaries and Imperial Council Tuesday, which Major General Luettwitz attended. The views of this conference were that both Kapp and von Luettwitz withdraw in order to terminate an intolerable position.

Von Luettwitz agreed to this, but when he returned to the Chancellery he allowed himself to be persuaded to change his mind and retain office. To him has been delegated the executive power by the former revolutionary Chancellor, and it is difficult to say what will happen now that von Luettwitz remains the military dictator at Berlin.

It is reported, however, that Gustav Noske, Minister of Defense in the old (Ebert) government, is coming here and von Luettwitz, perhaps, will transfer his new-found authority to him.

In conference with the foreign correspondents Tuesday Kapp's press chief made play with the Bolshevik danger.

In a second conference an attempt was made to conceal the fact that the Berlin government was likely to be of only short duration.

Although the general strike dealt this government a mortal blow, the decisive fact is that Kapp and his supporters had no political prestige, their government being built only on machine guns.

The statements made at these conferences gave a strange impression and caused a suspicion that the cry of alarm about the Bolsheviks was preliminary to the announcement of retreat. The chief of the press bureaus warned the correspondents against showing themselves in the streets, as a communist revolt was expected hourly.

That any kind of compromise is out of the question now is undoubtedly. President Ebert of the old government is strongly entrenched at Stuttgart, where, according to semi-official advices, the council of the empire met Tuesday and unanimously approved the old government and strongly condemned the military coup at Berlin.

Frightened Berliners Tuesday night were asking, "The white or red terror? Which?" This was in consequence of an official announcement that the reds were planning a rising and calling upon the people to save the country from Bolshevism.

Government officials said to the Associated Press:

"We fear bloodshed; it is difficult for us to hold the troops back."

In preparation for the expected rising officials camped in their offices all Tuesday night. When the correspondent left the Chancellery at nightfall into the darkening Wilhelmstrasse soldiers were bringing in huge boxes of food and cases of wine. Berliners generally scurried to their homes, apprehensively seeking refuge and locking their doors.

Notwithstanding Dr. Kapp's resignation Berlin seems destined to have troublous times. An influential member of the government Tuesday, insisted upon the urgency of suppressing the strike movement and Communist opposition. He added: "Time is on the side of the Communists and every hour we let slip weakens our position. We may expect great events between now and Wednesday."

The great events, beginning with the retirement of Kapp, are evidently moving to a climax. Ebert sent an airplane over Berlin dropping leaflets and predicting the early collapse of the Berlin government.

The utter tieup of the city continued Wednesday and there is no evidence of the breaking down of the strike. So far as is known, no fresh supplies of food have been received and prices are jumping almost hourly. The striking water plant employees released a sufficient amount to flush the sewers to prevent the outbreak of disease, but little is available for drinking purposes.

The Turks are massacring Armenians again, which indicates a gradual return to the pursuits of peace.

WOMEN AS PUBLIC SERVANTS

Kentucky, just as are other States, is increasing its demands for women as public servants. Within the week three positions carrying appointments for high and vital service have been proffered to women and their prompt acceptance is indicative of that preparedness and readiness that await a call.

The Governor's appointment of Miss Lucy Simms to the State Board of Control is unanimously popular with Kentucky women to whom she is well known. A leader in club life in Paris, her home, a former officer of the Kentucky Federation of Clubs, a woman of broad culture and wide experience Miss Simms is being widely felicitated on this privilege of contributing her services to the State's welfare.

From the Department of Justice notification has come to Mrs. Albert Morehead, of Lexington, of her appointment as State chairman to organize the women of the State into a union for the purpose of fighting the high cost of living.

Mrs. Morehead has accepted the assignment and will at once begin the marshalling of her forces for the fray.

Mrs. A. M. Harrison, formerly State Federation Club president, has been appointed a member of the Lexington Board of Education, and has resigned a place on the library commission in order to accept the position.

WHY COLDS ARE DANGEROUS.

You are often told to "beware of a cold" but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer a cold hangs on, the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germs of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take.

Vast Waste Desert.
The great Sahara desert covers the major part of northern Africa, consisting of 3,500,000 square miles—an arid region as large as the whole of Europe. From 100 feet below sea level it rises in one instance to 8,000 feet above, and some of its elevations are covered with snow for three months of the year. Most of it, however, is a dry, sandy waste, dotted here and there with an oasis where "drink" may be secured. The winds are all very hot and dry, while rain is almost unknown.

Sincerity is the most compendious wisdom, and an excellent instrument for the speedy dispatch of business; it inspires confidence in those we have to deal with, saves the labor of many inquiries, and brings things to an issue in few words; it is like traveling in a plain beaten road, which commonly brings a man sooner to his journey's end than byways, in which men lose themselves.—Tillotson.

DEMOCRATIC STATE CONVENTION MAY 4TH

LOUISVILLE, KY., May 23.—Democrats of Kentucky will hold their State Convention in Louisville, May 4, to elect delegates to the Democratic National Convention in San Francisco, according to action Thursday of the party's State Executive Committee.

Headed by P. H. Callahan, chairman, new Democratic Advisory Campaign Committee, composed of two leading Democrats of the State, was appointed to lead the fight in the Presidential campaign.

Among those attending the session of the Executive Committee was Homer S. Cummings, chairman of the Democratic National Executive Committee, following his address to the assembled Democratic editors of the State. Lexington made a strong bid for the convention, but the majority favored Louisville.

Mass conventions will be held in each county of the State at 2 o'clock the afternoon of Saturday, May 1, to select delegates to the State Convention. One delegate will be allowed for each 100 votes cast for the Democratic electors in the 1916 election.

In addition to naming Kentucky's representatives to the National Convention, the State meeting will select the new State Central and Executive Committees and adopt by-laws and rules for the government of the party during the coming four years.

The new Advisory Committee, which will have the active management of the coming Democratic campaign, is composed of the following:

First District—James Utterback, Paducah; Ed Gardner, Mayfield; Henry Payne, Arlington.

Second District—Emmett Cooper, Hopkinsville; Sam Campbell, Dixon; LaVega Clements, Owensboro.

Third District—Max Nahm, Bowling Green; George Russell, Russellville; Morgan Hughes, Bowling Green.

Fourth District—Harry Sommers, Elizabethtown; Henry McElroy, Lebanon; W. A. Clements, Springfield.

Fifth District—Wallace Emery, Louisville; Attila Cox, Louisville.

Sixth District—R. C. Simmons, Covington; Shelly Rouse, Covington; Claude Terrell, Bedford.

Seventh District—Louis des Cognets, Lexington; T. O. Middleton, Eminence; Joe Lindsay, Winchester; R. T. Crowe, LaGrange.

Eighth District—Kendrick Alcorn, Stanford; Harry Hanger, Richmond; John E. Brown, Shelbyville.

Ninth District—M. F. Conley, Louisville; M. J. Hennessee, Augusta; Robert Gillispie, Carlisle.

Tenth District—J. E. Childers, Pikeville; Geo. B. Archer, Prestonsburg; W. V. Wicker, Prestonsburg; Claude Stephens, Prestonsburg.

Eleventh District—W. J. Sparks, Mount Vernon; J. Ed. Sampson, Harlan; Joe Gibson, Somerset.

LEGION WORKS FOR AMERICA

Comradeship Principles Guide Peace Activities of War Veterans

ORGANIZED ONE YEAR AGO

OBJECTS OF THE AMERICAN LEGION

"For God and country we associate ourselves together for the following purposes: To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a 100 per cent Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness."—Preamble to Constitution of the Legion.

Just a year ago the American Legion was born. It crept out of cootie-laden billets in France without name or purpose, other than a determination to have an organization that would stand for America and the unselfish principles of American Democracy.

No one knows where the thought originated. It was spontaneous. The demand that came from officers and men resulted in a joint assemblage at Paris from March 15 to March 17, 1919. Rank was thrown aside; privates argued with colonels; comradeship entered in, and the manhood of America displayed in this first caucus that the army of the United States had a militant soul and conscience as well as a disciplined and conquering body.

ARE YOU
100%
AMERICAN?

The Paris "baby" put on its first trousers at the St. Louis caucus in May of last year, where Legionnaires in every state and possession of the United States put their "red-blooded spirit of sacrifice into principles that have been declared to be a practical application of the Sermon on the Mount. At the Minneapolis convention in November these purposes were officially adopted and the Legion has established branch departments to care for each declaration it then made.

What the Legion has accomplished in Kentucky is typical of what it has done in every State in the Union. Kentucky has 105 Legion posts, with a membership of more than 8,000, and by the time of the next state convention in August it is expected that every county in the state will have at least one local post and that the membership will amount to 20,000 former servicemen.

The American Legion of Kentucky plans first to take care of the disabled as a result of the war, and the widows and orphans of those who died in the service. For this purpose Bureaus of Rehabilitation, war risk insurance and re-employment are being operated.

Perhaps the biggest work the Kentucky Legionaires have undertaken and will prosecute for the general public welfare is the stimulation of a 100 per cent Americanism. This work found its model in the December campaign in Louisville, instituted jointly by the Citizens' Auxiliary Committee, headed by Marvin H. Lewis, and the committee of the American Legion.

The Legion is working for the Americanization of the foreign-born element, which annually comes to Kentucky, to the end that it may be assimilated in a practical way into the ideals of America. The Legion is seeking the general use of the English language and the proper control of immigration.

In the name of the Kentucky Legion bills curbing sedition are now before the legislature. They echo the determination reached in all national Legion gatherings to mete out punishment to those persons making radical utterances regarding the overthrow of the present form of Government.

The Legion believes that free speech does not mean license and that the issue must be met squarely and promptly;

its members do not propose to stand by and look on while agitators of unrest and violence pursue their aims.

So long as the Legion continues to abide by its objects and fight militantly for its principles, every true American may well be proud of it and back it up to the limit.

WOMEN'S LEAGUE PLANNED FOR KENTUCKY UNIVERSITY

At a recent meeting of the women students of the University of Kentucky plans were set forth for the organization of a Woman's League for the purpose of bringing together all women students of the University, both those living in the dormitories and those living in town for mutual benefit and to stand behind any movement inaugurated at the University, which shall promote women's welfare. The League will be permanently organized in March. Among its activities will be the bringing of women specialists to the University from time to time for the purpose of giving vocational talks to aid them in the choosing their vocations. The League will also have supervision of the girl's rest room with the purpose of developing it into a center of social life among the women on the campus.

—Scarlet fever has again appeared in the Millersburg Military In-

stitute, two cases, it was understood, developing yesterday. The students have expressed a willingness to remain at their studies, and no complications are feared. Unless conditions grow worse the school will not close. The students are being congratulated on their willingness to aid Col. and Mrs. Best by remaining in the school.

DEATHS.

ROSE.

—Thomas B. Rose, brother of Miss Allie Rose, of Paris, died in Cynthiana, recently, after a brief illness. He was a brother of the late Robert Rose, Sr., and an uncle of Robert Rose, Jr., and Miss Jessie Rose, of Paris. Miss Rose and brother attended the funeral and burial.

CARTER.

—The funeral of Prof. Frank Carter, thirty-three, Superintendent of the Carlisle Graded and High Schools, who died Friday of pneumonia resulting from influenza, was held Sunday afternoon, with services conducted at the grave in the Carlisle Cemetery.

Prof. Carter was a graduate of the Eastern Kentucky Normal Institute, at Richmond, and was well-known in educational circles in Paris and Bourbon county. He was prominent in Masonic circles, being a member of the Carlisle Masonic bodies. He is survived by his parents, Mr. and Mrs. Geo. Carter, one daughter, one brother and one sister.

MARY PICKFORD
in "Pollyanna"

One of the great stories for which the amusement loving world has long waited. "Pollyanna" is the High Priestess of Optimism. She is not merely the discover, but the 33d degree exploiter of the silver lining. The fairies who made sunshine for the cucumbers were insignificant beings to "Pollyanna." She is full of action, sparkle and pathos, and will help you to turn your sorrows, big or small, into action.

MATRIMONIAL.

RELIGIOUS.

The following marriage licenses were issued Friday from the office of the Fayette County Clerk: Harry Hambrick, 22, farmer, of Scott county, and May Tyree, 21, of Bourbon county; Lewis Smith, 40, farmer, of Scott county, and Sallie Crockett, 23, of Bourbon county.

HONAKER—GRAY.

—Leon Gray, twenty-two, and Miss Delta Mae Honaker, sixteen, both of Nicholas county, secured a marriage license here Saturday afternoon, and were afterward married in the private office of County Judge George Batterton. In the court house, by Rev. T. S. Snylie, pastor of the Paris Presbyterian church. The bride's father, H. H. Honaker, of Carlisle, accompanied the couple, and gave his consent to the marriage.

TYREE—HAMBRICK.

—Miss May Tyree, of Paris, and Harry Hambrick, of near Georgetown, secured a marriage license Friday in Lexington, and motored to Midway, where they were united in marriage by a local minister.

The bride is a daughter of Mr. and Mrs. Claude Tyree, of Paris, and a student at the Paris High School. The groom is a young farmer residing near Georgetown. After a short bridal trip Mr. and Mrs. Hambrick returned to the home of the groom, where they will reside in the future.

WOLFE—RIGGS.

—Miss Minnie Wolfe, of Cynthiana, and Adolph Riggs, of Covington, were married recently at the home of the bride's mother, Mrs. Edward Herrington, in Cynthiana. After the ceremony they left for a tour of the Great Lakes. On their return they will be at home to their friends at 1518 Woodland avenue, in Covington.

The bride is an attractive and charming young woman, who has for some time been a member of the nursing staff of the Harrison county Hospital. She has been a frequent visitor in Paris, as guest at the home of Mr. and Mrs. Jack Wilson, and is well remembered here for her many gracious qualities of character. Mr. Riggs is in the employ of the C. & O. railway at Covington.

FLORENCE—REDMON.

—Miss Laura Katherine Florence, daughter of Mr. and Mrs. Walter Florence, of near Paris, and Mr. Rutherford Palmer Redmon, son of George K. Redmon, also of the county, were married in Winchester recently, in the parlors of the Brown-Proctor Hotel, the ceremony being performed by Rev. G. W. Banks, pastor of the Presbyterian church, of that city. After a short bridal tour the young couple returned to the home of the groom, near this city, where they will reside in the future.

The bride is a beautiful young woman, a graduate of the Eastern Kentucky State Normal School, at Richmond in the class of 1918, and is well-known here, where she has a large circle of friends. Mr. Redmon is an industrious young farmer, very popular with all who know him.

A MODERN BARBER SHOP.

Having just completed giving our barber shop a thorough overhauling we believe that we now have one of the most modernly equipped shops in Central Kentucky.

With four new chairs and five wash basins, towel sterilizer, razor sterilizer, electric clippers and massage machine, place newly papered and painted, new linoleum on floor and bath rooms newly fitted, we are better equipped to give good service than most any barber shop you can find.

We have four expert barbers and polite porters to wait on you—no long waits. We invite a share of the public patronage.

SUIT FILED.

In the Fayette Circuit Court, at Lexington, Saturday, Max Munich and Ben Wides, formerly of Paris, doing business as the Munich & Wides Company, filed suit against Speyer & Son. Judgment is asked for \$643.80, alleged to be due for scrap iron sold the defendants, and for \$66.85, alleged to be due for increase purchased. The plaintiffs are represented by Attorney A. A. Babilitz, of Lexington.

NEW AUTO OWNER.

Wm. Phillips & Co., of Lexington, reported the sale recently of a Franklin touring car to J. T. Ritchie, of Shawan, this county.

Some people never recognize misfortunes—that's why they succeed.

MARY PICKFORD'S GREATEST PLAY.

Mary Pickford's greatest play, "Pollyanna," is to be shown at the Alamo and Grand Theatre, tomorrow and Thursday. Critics everywhere assert that "Pollyanna" is one of the greatest picture-plays ever filmed. The reason for this is that the philosophy upon which the story is based constituted a theme which at the present time has an unusually wide appeal.

Undoubtedly Mary Pickford, with characteristic far-sightedness, had this in mind when she chose this celebrated work as her first vehicle for the United Artists' Corporation.

The most progressive of the picture stars believe in choosing plays

wherever possible, which will act as a propaganda of good. It is their ambition to have each screen medium serve a definite purpose, and with this in mind Mary Pickford decided to picturize Eleanor H. Porter's famous book. So "Pollyanna" is a picture with a mission.

TAKES NEW POSITION.

Joseph Cain, son of Mr. and Mrs. Thos. Cain, of Paris, has accepted a position with the clerical force in the office of the Louisville & Nashville, at Hazard, and has assumed the duties of his position. He is an industrious and intelligent young man, and will make a valuable assistant in the L. & N. office at that place.
